EDUCATION—

Mahendra Engineering Collage. Namakkal, Tamilnadu
2010 - 2014
BE Computer Science and Engineering

EXPERIENCE—

Endava | Design Lead

Oct 2021 - Present
Leading design vision and strategy across multiple product streams, driving consistency through scalable design systems and best practices. Partnering with engineering and product leadership to align UX decisions with business objectives and user needs.

SOBHA | Senior UI/UX Engineer

Dec 2017 - Sept 2021
Owned end-to-end UX design across multiple product lines, establishing design standards and mentoring a team of designers. Bridged design and development by collaborating closely with engineering and product stakeholders to deliver user-centred solutions.

X.Tra.Tech | UI/UX Designer & Developer

Feb 2016 - Dec 2017
Designed and developed end-to-end web experiences for client projects, spanning UX research, wireframing, and high-fidelity prototyping using Adobe XD and Illustrator, through to front-end implementation.

AXON Web Solutions | Developer

Aug 2014 - Feb 2016
Built responsive web experiences for client projects, creating visual assets, wireframes, and interactive prototypes using Adobe XD and Illustrator, with a focus on clean, user-friendly interfaces.
